

9/12/2017

Hello to the owners of Westwinds Village. I have taken an assessment of the property, and we are all pretty fortunate. There are only 6 homes with damage (they will be notified) and just some debris that needs to be picked up. The office sustained a little exterior damage but, the club house is fine. The pool is being cleaned and vacuumed and will reopen today at noon. There will be no lawn care this week and no recycle pick up. I hope this message finds you well and helps with your concerns regarding the property.
